

Below are **tailored interview questions and sample answers** directly based on your resume from *MAHLON RESUME.pdf*.

I included realistic questions commonly asked for **Deck Cadet** applicants and strong suggested answers you can practice.

---

## **Top Deck Cadet Interview Questions & Model Answers (Based on Your Resume)**

---

### **1. Tell me about yourself.**

#### **Sample Answer:**

"I am Mahlon Doane G. Alia, a motivated and hardworking deck cadet from the University of Cebu METC, where I completed my BS in Marine Transportation. During my training, I gained hands-on exposure to navigation systems like ECDIS, ARPA, AIS, and RADAR, and practiced essential seamanship skills such as rope handling, rigging, and deck equipment use. I've also participated in beginner-level mooring, bridge watchkeeping, and emergency drills, which strengthened my discipline, teamwork, and safety awareness. I'm eager to apply these skills onboard and continue learning."

---

### **2. What navigation systems have you worked with?**

#### **Sample Answer:**

"During my training at UC METC, I was introduced to ECDIS, ARPA, AIS, and RADAR. I gained basic operational knowledge of these systems, such as interpreting information on the electronic chart, tracking targets using ARPA, monitoring vessel traffic on AIS, and using RADAR for situational awareness."

---

### **3. What seamanship skills have you practiced?**

#### **Sample Answer:**

"I've practiced rope handling, knot tying, rigging, and the proper use of deck equipment. These activities improved my understanding of safe deck operations and the importance of correct procedures during ship work."

---

### **4. Describe your experience in mooring operations.**

**Sample Answer:**

"I participated in beginner-level mooring exercises where I learned line handling, basic communication signals, and safety precautions. Although I'm still gaining experience, I understand the importance of coordination, awareness, and following orders accurately during mooring operations."

---

**5. Have you had experience with emergency drills?**

**Sample Answer:**

"Yes, I engaged in basic emergency and safety drills such as fire safety, man-overboard practice, and the proper use of PPE and safety equipment. These drills helped me understand emergency procedures and the importance of staying calm, alert, and disciplined in critical situations."

---

**6. What can you contribute to our vessel as a deck cadet?**

**Sample Answer:**

"I can contribute professionalism, discipline, and a strong willingness to learn. My training enhanced my adaptability, teamwork, and safety awareness. I'm committed to supporting safe and efficient deck operations while developing my skills under the guidance of senior officers."

---

**7. What is your experience with watchkeeping?**

**Sample Answer:**

"I practiced introductory bridge watchkeeping and lookout duties during my training. I learned proper communication, reporting, situational awareness, and maintaining focus while on watch."

---

**8. Why did you choose a career in the maritime industry?**

**Sample Answer:**

"I chose this career because I enjoy disciplined, challenging environments and I want to contribute to safe maritime operations. I'm motivated by the opportunity to grow professionally and gain real-world experience at sea."

---

**9. What are your strengths as a cadet?**

**Sample Answer:**

"My strengths include adaptability, discipline, and teamwork. I also have strong safety awareness and the determination to learn quickly, especially in navigation and deck operations."

---

**10. What are your areas for improvement?**

**Sample Answer:**

"As a new cadet, I need more hands-on experience with real onboard operations such as maneuvering and mooring under pressure. I'm eager to learn from experienced officers and develop these skills further."

---

**11. How do you handle stress or pressure on board?**

**Sample Answer:**

"I stay focused, follow procedures, and communicate clearly. My training drills taught me the importance of keeping calm and relying on safety protocols."

---

**12. What will you do if you make a mistake?**

**Sample Answer:**

"I will immediately report it to the responsible officer, take responsibility, and learn from the experience. Safety always comes first, and hiding mistakes can lead to bigger risks."
